

# TALIA RUSSELL

Talia Russell is a Fine Art screen print artist who specialises in large scale (A1) work, creating a picture window like view in a frame.

Recent work is predominately landscapes that are inspired by travel posters of the 20's and 30's, Talia experiments with colour and often prints the same print in different colour ways to create two very different looking images.

The challenges involved in planning and printing 10+ colours per print keeps her focused and sometimes frustrated! All prints are hand pulled, so there may be minor variations to each print which makes each one unique and original.

Limited editions of up to 50 make these pieces highly collectable.

For more information please look at Artfinder/TaliaRussell
